for a safer home

Catch the criminal in action

Receive the alarm in seconds directly to your smart phone

Protection 24/7 for complete peace of mind

If you are looking for the most cost effective, secure and reliable video alarm security system on the market.

Introducing **webeye** for the home

A quick response is key to catch the criminal in action - webeye is a video alarm system offering complete peace of mind in 5 simple steps.

1

Upon intrusion a 5 second video clip is recorded

2

A SIM card in the control panel sends the video clip via GPRS to **webeye**

3

webeye delivers the video clip to you and your chosen family and friends' smart phones

4

You receive the video clip within seconds to your smart phone with a loud siren ring tone

5

If there is no response we will keep trying every 10 minutes for 2 hours, or until the alarm is viewed

- **Call Emergency Services within seconds of the alarm being activated**
- **fail safe systems to make sure you receive the alarm – When we know, you know**
- **No one offers this level of security or reliability for the price**

for a safer world
